Hear now are written the
tenents of faith.

The words of the Blind
mother of creation ,

Work to free my
children, endevor to let
them once again walk
freely among the people
of Sosaria so that they
may know pain and
suffering, commit them to
blindness and broken body

So they may know the

mothers burden.

embrace pain so that
you know well her burden.

Bring forth suffering to
the light of the land ,and
suffer assistance to the
darkness to come.
